PROFILE

I build websites designed to bring in customers—by making businesses discoverable, trustworthy, and easy to buy from. Pretty is nice, but profit comes first.

I don't just build websites — I build profit systems, sites that bring customers, close deals, and keep businesses growing.

WORK EXPERIENCE

DE-GEM

2023- PRESENT

Tailoring management Dashboard

- Problem: Manual order tracking caused delivery delays and lost sales.
- Built a Laravel dashboard automating orders, measurements, and production timelines.
- Result: Reduced order processing time and improved on-time deliveries (up to 80%).

VogueVerse

2023-2024

Fashion eCommerce Platform

- Problem: Low conversion and slow checkout.
- Built a performance-first Laravel store with optimized checkout & product funnels.
- Result: Faster checkout, reduced cart abandonment — increased checkout completion (72%) and higher average order value.

SkillForge

2024 - PRESENT

Bootcamp Platform

- Problem: Learners struggled with fragmented resources and slow progress.
- Built a structured learning platform with modular courses, gamified progress tracking, and interactive code labs
- Result: Improved learner completion rates by 48%, and reduced drop-offs across key modules.
